BENETEAU OCEANIS 46.1

The Oceanis 46.1, a piece of art in the new generation of Beneteau Oceanis yachts. A rare balance between elegance, performance, and living space – the Oceanis 46.1 offers all the features of a large cruising yacht. Her stepped hull provides an incredibly spacious internal living area, meanwhile, the yacht's performance is still impressive. Her smartly designed and efficient deck plan makes her safe, pleasantly comfortable, and easy to use. Apart from her performance at sea and the huge amount of space that set this boat apart, this architecture makes optimal use of the cockpit beam. Large hull portholes bring a considerable amount of natural light right into the center of the boat so that you can enjoy the elegant interiors. Her spacious cockpit with a large table provides a truly comfortable experience. All of this set Oceanis 46.1 apart from the other boats. Oceanis 46.1 was awarded with the highly regarded title of European Yacht of the Year in the “Family Cruiser” category. She features 5 cabins with 3 heads. Highlights of the inventory are bow thruster and solar panel.

Investing in yachting in Greece can be beneficial for several reasons, but here are two key ones:

- **Strong Yachting Market:** Greece's unique geographical layout, with its numerous islands and beautiful coastlines, makes it a highly attractive destination for yachting enthusiasts. The demand for yachting experiences in Greece is consistently high, particularly during the summer months, which can result in significant rental income for yacht owners.
- **Tourism Infrastructure:** Greece has a well-developed tourism infrastructure tailored to maritime activities, including numerous marinas, yacht clubs, and repair services. This infrastructure supports the yachting industry and makes it easier for owners to maintain and charter their yachts.
